Roofing Sample Form

PROJECT INFORMATION:

Company Name: _____ Contact Number: _____

Project Address: _____

Date (Samples Taken: _____ Type of Event & Date: _____

BILL TO:

Name: _____ Company: _____

Address: _____

Phone: _____ Email: _____

COSTS:

Delamination Testing is a procedure that separates the plies of roofing materials to analyze damage. *Built up roofing systems only*

No. of Samples	Delamination (without report)
1-2 <input type="checkbox"/>	\$485 each
3-5 <input type="checkbox"/>	\$475 each
6-9 <input type="checkbox"/>	\$465 each
10+ <input type="checkbox"/>	\$455 each

No. of Samples	Delamination (with report)
1-2 <input type="checkbox"/>	\$1000 each
3-5 <input type="checkbox"/>	\$990 each
6-9 <input type="checkbox"/>	\$980 each
10+ <input type="checkbox"/>	\$970 each

Desaturation Testing is a procedure that removes granules of the roof material to analyze damage. *Built up roofing systems only*

No. of Samples	Desaturation (without report)
1-2 <input type="checkbox"/>	\$500 each
3-5 <input type="checkbox"/>	\$490 each
6-9 <input type="checkbox"/>	\$480 each
10+ <input type="checkbox"/>	\$470 each

No. of Samples	Desaturation (with report)
1-2 <input type="checkbox"/>	\$1100 each
3-5 <input type="checkbox"/>	\$1090 each
6-9 <input type="checkbox"/>	\$1080 each
10+ <input type="checkbox"/>	\$1070 each

These tests are a combination of the two previous tests. These tests generally include a microscopic analysis as well.

No. of Samples	Delamination & Desaturation (with report)
1-2 <input type="checkbox"/>	\$1300 each
3-5 <input type="checkbox"/>	\$1290 each
6-9 <input type="checkbox"/>	\$1280 each
10+ <input type="checkbox"/>	\$1270 each

Add \$130 per sample for coal tar built up roof (CTBUR)

Roof Type:

BUILT UP ROOF ☐

ASHPALT SHINGLE ☐

MOD-BIT ☐

SINGLE PLY: _____ ☐

OTHER: _____ ☐

Visual and Microscopic testing takes a closer look at the damage with our state-of-the-art microscope.

No. of Samples	Visual (without report)
1-5 <input type="checkbox"/>	\$400 each
5+ <input type="checkbox"/>	\$375 each

No. of Samples	Visual (with report)
1-5 <input type="checkbox"/>	\$600 each
5+ <input type="checkbox"/>	\$575 each

No. of Samples	Visual/Micro (with report)
1-2 <input type="checkbox"/>	\$900 each
3-5 <input type="checkbox"/>	\$875 each
6-9 <input type="checkbox"/>	\$850 each
10+ <input type="checkbox"/>	\$825 each

Our 3D microscopic analysis shows the depth of impacts or damages within a sample and includes measurements. This testing works best on insulation.

No. of Samples	Visual/3D Micro (with report)
1-2 <input type="checkbox"/>	\$1900 each
3-5 <input type="checkbox"/>	\$1875 each
6-9 <input type="checkbox"/>	\$1850 each
10+ <input type="checkbox"/>	\$1825 each

The Asphalt Staining Tendency Testing evaluates the potential of asphalt materials to produce stains measured by the Stain Index, per the ASTM.

No. of Samples	Asphalt Staining Tendency (with report)
2 <input type="checkbox"/>	\$2,400 (for both)
4 <input type="checkbox"/>	\$4,800 (for four)

The Water Column Test is a 7 day test that searches for leaks in a roofing sample, per the ASTM.

No. of Samples	Water Column Test (with report)
1 <input type="checkbox"/>	\$1,100 each

Gravimetric Testing analyzes the moisture content within a roofing sample.

No. of Samples	Gravimetric (without report)
1-5 <input type="checkbox"/>	\$400 each
5+ <input type="checkbox"/>	\$375 each

No. of Samples	Gravimetric (with report)
1-5 <input type="checkbox"/>	\$1300 each
5+ <input type="checkbox"/>	\$1275 each

Ring and Ball Testing, or Viscosity Testing, determines the melting point of bituminous materials.

No. of Samples	Ring & Ball (with report)
1-5 <input type="checkbox"/>	\$900 each
5+ <input type="checkbox"/>	\$875 each

Asphalt Type: _____

Roof Evaluation & Sample Selection

\$250 per hour, plus travel costs

Includes: Full documentation of the roof, weather reports, sample selection, intake and impact and damage evaluation, if needed.

IMPORTANT: You must provide your own roofer to repair the sample area.

Larger Projects: On larger projects, we would be happy to provide a quote of our pricing to ensure all pricing is fair for all parties involved.

Services may include:

- Infrared Imagery
- Moisture Validation
- Moisture Survey
- Wind Up Lift Testing

NOTE:

*All samples will be destroyed or discarded 30 days after testing is completed at the discretion of the lab manager. Please contact our lab before this 30 day period if you require the samples back. There is a \$100 fee, plus shipping and handling, on all returned samples.

SHIPPING & PAYMENT

Ship samples to:

CORE Forensics, LLC
3370 West Highway 199
Springtown, TX 76082

Mail checks to:

CORE Forensics, LLC
P.O. Box 941
Springtown, TX 76082

Please enclose:

1. Samples
2. A copy of this completed Roofing Sample Form
3. Chain of Custody Form

Method of Payment: Credit Card ☐ Check ☐ ACH ☐

*If paying by credit card, a 3% processing fee will be applied. Please request a Credit Card or ACH Authorization page, if needed. For payment questions, please call (682) 302-9512.

Payment must be received before the report is submitted.

By signing this document, you acknowledge and agree to the scope of the selected testing.
Furthermore, full payment is required prior to the release of the final report.
